STATEMENT OF SHARED PURPOSE

VISION STATEMENT: The Sam M. Walton College of Business is a nationally competitive business school that connects people with organizations and scholarship with practice by combining excellent student learning experiences with quality research serving Arkansas and the world.

CORE VALUES: Excellence: We strive for excellence in all we do.

Professionalism: We believe organizational practices must be built on an

ethical foundation and high standards of professional behavior.

Innovation: We value creativity, innovation, and entrepreneurial spirit. **Collegiality:** We believe in working together to examine situations and ideas

from diverse perspectives.

MISSION STATEMENT:

The Walton College, the flagship business school of the state of Arkansas, has a three-fold mission:

TEACHING: Educate a diverse population of students in bachelor's, master's, and doctoral programs to be tomorrow's business, community, and academic leaders; **RESEARCH:** Discover and disseminate knowledge through our research to support excellence and innovation in organizations: and

SERVICE: Share our business expertise in support of our state, our professions, and

the academic community.

ORGANIZATION AND FACILITIES: The Walton College offers degree programs for undergraduate students and for graduate students at both the master's and doctoral levels. The college has been a member of, and accredited by, AACSB International - The Association to Advance Collegiate Schools of Business since 1931. The accounting program was accredited separately in 1986 at both the bachelor's and master's level. The master's degree in the business administration program was approved in 1963. Accreditation by and membership in AACSB signifies commitment by the college to the goals of promoting and actualizing the highest standards of business education.

The Walton College is housed in four modern buildings supporting on-campus programs. These attractive facilities provide technology-equipped classrooms and eight state-of-the-art computer laboratories for both for business classes and individual use. The buildings also house faculty and administrative offices, an honors program study area with computer access, the Walton College Career Center, and a large study room equipped for individual as well as group studying.

The library of the college is part of the general University Libraries and is housed in Mullins Library. The business and economics collection comprises approximately 55,000 volumes and makes this library one of the best in the region. Walton College also operates centers for research, outreach, and public service. Information about these centers may be found in the University Centers and Research Units section of this catalog. Walton College centers include the following:

- Applied Sustainability Center
- Arkansas Household Research Panel
- Bessie B. Moore Center for Economic Education
- Center for Business and Economic Research
- Center for Management and Executive Education
- Center for Retailing Excellence
- Garrison Financial Institute
- Information Technology Research Institute
- Supply Chain Management Research Center
- Small Business Development Center

ADVISING is a partnership. Q. How are advisors assigned? A. When students take WCOB 1111 Freshman Business Connections, their instructor is their advisor for the first two semesters. After that, students may *make appointments* (no e-mail, drop in, or phone advising) to see any of the professional advisors in the Undergraduate Programs Office. To help with the success of your academic advising session and your academic career, it is your responsibility to:

- Schedule an advising appointment EARLY each semester by calling (479) 575-6308. As a general rule, we do
 not advise via e-mail or over the phone.
- Be on time for your appointments: students who are more than 10 minutes late will be rescheduled.
- Review your curriculum prior to meeting with your advisor.
- Write down your questions.
- Have a copy of your schedule handy.
- Know your Student ID Number.
- KEEP AND BRING YOUR ADVISING WORKSHEETS.
- Keep copies of all academic records, transcripts, relevant e-mails, and petitions.
- Be aware of pre-requisites and co-requisites.
- Read your Catalog of Studies.
- Consult your advisor before making drastic changes to an agreed upon schedule.
- Take responsibility for your academic career.

While procedures may vary among schools and colleges, all successful academic advising should include the following:

- A mutual responsibility between advisor and student with the student possessing final responsibility for successful completion of a degree.
- A developmental and educational process that occurs over time.
- Consideration of individual students' interests, abilities, and needs.
- A collaborative effort to connect students to campus resources and services.
- Reasonable availability and accessibility of advisors.
- Interpretation of University of Arkansas, college, and departmental rules and regulations.
- A student's understanding of the purpose and nature of the university core courses.
- Recommendation of appropriate courses.
- A student's understanding of and progress toward academic requirements.
- General information regarding career options and opportunities, with appropriate referrals as necessary.
- Respect for students' ethnic and racial heritage, age, gender, culture, national origin, sexual orientation, and
 religion, as well as their physical, learning, and psychological abilities.
- An understanding of and adherence to laws and regulations that relate to academic advising.
- Adherence to the highest principles of ethical behavior.

UNDERGRADUATE DEGREE PROGRAMS Undergraduate students may pursue curricula leading to one of the following degrees: Bachelor of Science in Business Administration (B.S.B.A), Bachelor of Science in International Business (B.S.I.B.). In each of these degree programs, the pre-business requirements must be completed before students may enroll in upper division business courses. Students in Walton College may pursue an academic minor in business or in the J. William Fulbright College of Arts and Sciences. Walton College also offers business minors for business and non-business students. Degree programs and minors are outlined on subsequent pages.

ADMISSION TO THE SAM M. WALTON COLLEGE OF BUSINESS All students admitted to the University of Arkansas, Fayetteville, are eligible for admission to the Sam M. Walton College of Business. Students will be required to follow the degree program requirements set forth in the catalog corresponding to the student's first semester in Walton College, not the first semester of enrollment at the University of Arkansas.

COLLEGE SCHOLARSHIPS High school graduates who expect to enroll in the Walton College are encouraged to apply for scholarships made available to freshmen by individuals, business firms, and organizations. Also available to freshmen, regardless of degree program, are freshmen academic scholarships. Current Walton College students may apply for both college and departmental scholarships beginning in January of each year for the following academic year. Information on these financial awards may be secured from the University Scholarship Office and the Walton College Undergraduate Programs Office.

HONORS PROGRAM The Walton College honors program consists of two components: the four-year Walton Scholars Program and the Departmental Scholars Program. Students participating in the honors program will be eligible to graduate *Cum Laude*, *Magna Cum Laude*, or *Summa Cum Laude*. Students who do not participate in the honors program are eligible to graduate with distinction, a classification separate from the *Cum Laude* awards. Honors program students will receive priority for participation in the Arkansas Cooperative Education Program, SAKE, the portfolio management class, and financial support for study-abroad programs. They also have access to an honors study area.

Eligibility for the Honors Program Admission will be offered to incoming freshmen with an ACT of 28 or higher (SAT of 1240) and a high school GPA of 3.75. Students are required to maintain a cumulative GPA of 3.50 to remain in the program.

Requirements for Walton Scholars Program:

- Complete 17 of 35 University Core hours in honors courses to be selected from the University Core
 or from 1000- or 2000-level WCOB core courses (excluding WCOB 1111H). MATH 2554 and
 MATH 2564 also count toward this requirement. 12 hours must be completed in honors within the
 first 30 hours at the UAF campus.
- 2. Demonstrate proficiency in a foreign language. This requires 0-12 hours of course work. Students must demonstrate proficiency by completing the 2013-level course in any foreign language. Students whose native language is not English must complete a 2013-level course in a language other than their native language from Arabic, Chinese, French, German, Italian, Japanese, Spanish or COMM 2303 or 2323. Students must complete a foreign language or communications course within the first 90 hours at the UAF campus.
- 3. Complete 9 credit hours of honors courses in Walton College to include the following:
 - a. One three-hour college colloquium: This is an interdisciplinary course with topics appealing to a wide range of majors. The subject matter changes annually and must be completed within the first 90 hours at the UAF campus.
 - b. One three-hour departmental colloquium: Each department will offer one departmental colloquium each year. It is designed for seniors. Students are required to complete the departmental colloquium in their major department. Students majoring in more than one area of study may elect to choose the departmental colloquium in either major department.
 - c. A three-hour thesis: The thesis is a major independent writing project and arises from an international study experience, an internship, or working with a professor on research.
- 4. Complete an alternate honors capstone course WCOB 3016H, Business Strategy and Planning which should be completed within the first 90 hours at the UAF campus.

Requirements for the Departmental Scholars Program

- Complete nine hours of honors courses to be selected from the University Core or from 1000- or 2000-level WCOB core courses (excluding WCOB 1111H) and demonstrate proficiency in a foreign language by completing a 2003 course in any foreign language. Students whose native language is not English must complete a 2003-level course other than their native language or a third language from Arabic, Chinese, French, German, Italian, Japanese, Spanish or COMM 2303.
- 2. Complete nine hours of honors courses in Walton College to include:
 - a. One three-hour college colloquium. This is an interdisciplinary course with topics appealing to a wide range of majors. The subject matter changes annually and must be completed within the first 90 hours at the UAF campus.
 - b. One three-hour departmental colloquium. Students are required to complete the departmental colloquium in their major department. Students majoring in more than one area of study may elect or choose the departmental colloquium in either major department.
 - c. A three-hour thesis. The thesis is a major independent writing project and arises from an international study experience, an internship or working with a professor on research.

STUDENT ORGANIZATIONS IN WALTON COLLEGE In addition to the general

university student organizations, Walton College Student Ambassadors, Study Abroad Ambassadors, and a Dean's Student Advisory Board, there are several college societies open to Walton College students. These include, but are not limited to, the following:

Alpha Kappa Psi American Marketing Association Assoc. of Information Technology Professionals Beta Alpha Psi (accounting honorary) Beta Gamma Sigma (business honorary) Economics Club Capital Markets Group (Finance Club) Human Resource Management Association National Association of Black Accountants New Entrepreneurs Club Omicron Delta Epsilon (economics honorary) SIFE (Students in Free Enterprise) Transportation and Logistics Association Women in Logistics

ACADEMIC REGULATIONS OF WALTON COLLEGE

Pre-Business Requirements Students pursuing a degree in the Walton College are classified as pre-business with an intended major until all pre-business requirements are fulfilled. The following policies apply to the pre-business program:

To be eligible to enroll in upper-division business courses in Walton College, a student must complete the Walton College computer competency requirement (WCOB 1120) and obtain at least a 2.50 (on a 4.00 scale) overall grade-point average (GPA) in addition to completing the 36 credit hours of pre-business core courses (or their equivalents) listed below, also with at least a 2.50 GPA. Further, a student must complete all courses offered to meet this requirement with a grade of "C" or better or the requirement for graduation. The pre-business core courses are as follows:

COMM 1313	Public Speaking	WCOB 1012	Legal Environment of Business
ECON 2013	Macroeconomics	WCOB 1023	Business Foundations
ECON 2023	Microeconomics	WCOB 1033	Data Analysis & Interpretation
MATH 2043	Survey of Calculus	WCOB 2013	Markets and Consumers
MATH 2053	Finite Mathematics	WCOB 2023	Goods and Services
WCOB 1111	Business Connections	WCOB 2033	Human Capital
WCOB 1120	Computer Competency Req.	WCOB 2043	Financial Resources

Students' records will be evaluated each semester to determine whether a student should be moved to a major and have the pre-business classification removed. After receiving notification that a student has been admitted into his or her major, the student is expected to arrange for a degree check by the Undergraduate Programs Office to ascertain remaining degree requirements.

Registration in Junior/Senior-Level Walton College Courses Walton College students must complete the pre-business requirements prior to enrollment in junior- or senior-level courses in Walton College. Non-degree seeking students and students enrolled in other colleges are subject to the same direct course prerequisites as students with majors in the Walton College. Specific exceptions to this policy must be addressed to the assistant dean for undergraduate programs in the Walton College or designee.

Restrictions on General Education Electives Only six hours total of general education electives will be allowed in Physical Education Activity (PEAC) or Dance Education Activity (DEAC) courses.

Transfer of Credit Policies In addition to the University policies controlling the granting of credit for course work taken at other institutions, the following policies apply to transfer work applied to any undergraduate business program:

- Transfer students considering admission to pursue a major in Walton College must have completed the prebusiness courses and requirements listed above and have a 2.50 (on a 4.00 scale) cumulative grade-point average in the pre-business courses and in his or her overall grade-point average. Transfer students will be classified as pre-business students until pre-business core requirements have been completed.
- A pre-business and overall grade-point average for courses accepted for transfer by the University of Arkansas
 will be calculated and used to evaluate the completion of the pre-business requirements by students
 transferring courses from other institutions.
- Unless exceptions are granted at the time of admission to the University of Arkansas, transfer courses accepted
 by the University will not be accepted by Walton College for degree purposes unless a grade of "C" or better
 has been earned in each of these courses.
- 4. A transferred course cannot carry more degree hours than are available in a similar University of Arkansas course. For example, a four-hour principles of accounting course transfers as three degree hours.
- 5. Business courses completed at the freshman or sophomore level at another institution will not count as equivalents of junior- or senior-level courses offered in Walton College (University of Arkansas), and no transfer credit shall be granted for any such course(s) in Walton College.
- 6. All upper division courses within a student's major and business strategy and planning (WCOB 3016) must be taken in residence at the University of Arkansas, Fayetteville.
- Junior- or senior-level core courses in business and economics may be transferred from a school accredited by AACSB International.
- 8. Junior- or senior-level core courses taken at a non-AACSB International-accredited, four-year institution must either be repeated or validated by procedures specified and approved by the assistant dean for undergraduate programs.
- Junior or senior-level electives in business and economics taken at a non-AACSB International-accredited, fouryear institution may be accepted in transfer as junior/senior business electives.
- 10. Junior- or senior-level courses in business taken by correspondence at AACSB International or non-AACSB International institutions may not be accepted and transferred for degree credit unless the course is approved by the student's department chair and the assistant dean.
- 11. If a student takes courses with different names but with similar content at different institutions or in different colleges within the University of Arkansas, degree credit will be allowed for only one of the courses, for example, principles of economics and agricultural economics.
- 12. Courses taken at any higher education institution where the course content is remedial are not acceptable for degree credit.
- 13. The student should be prepared to submit course descriptions, syllabi, or other course-related information for transfer course work if there is any question as to whether Walton College will grant degree credit for such work
- 14. Exceptions: All requests for, exceptions to, and variations from the rules, regulations, and requirements of Walton College and the university should be made in writing to the assistant dean for undergraduate programs of the Walton College or designee. Consult the Undergraduate Programs Office in Walton College for these requests.

Petition of Transfer Credit Students who wish to petition limited transfer **business classes** (ex. **ECON 299T)** should contact the Undergraduate Programs Office in WCOB 328 for the proper forms. **Students wishing to petition any non-business classes** (ex. **BIOL 299T)** may download the proper forms online from the Registrar's Office at: http://registrar.uark.edu/440.php. Forms must be returned to the Registrar's Office with class syllabus attached.

Transfer Course Equivalency Guide There is a transfer equivalency guide online at: https://waprd.uark.edu/web-apps/regr/courseequiv/Main. It has many Colleges and Universities listed but may not list every course from every school. For questions please contact the Registrar's Office/Transfer Credit 575-5451.

Course Loads The normal course load in Walton College is 15 to 17 hours per semester (and six hours per summer term). Students with a 2.75 grade-point average the previous semester may take a maximum of 18 hours. Seniors may take 18 to 19 hours, if required for graduation, during their final semester. Students on academic warning are limited to a maximum course load of 12 hours. University regulations on the number of hours allowed per semester are found in the Orientation and Registration section of the catalog.

Foreign Language Concentration An undergraduate B.S.B.A. degree-seeking student may elect to substitute 12 hours in a single upper-level foreign language for 12 to 15 hours of the 12-15 hours required in the junior-senior business elective block of courses for the degree requirements.

Double Major A student may elect to obtain a double major by completing all required courses for two majors in Walton College (but not in two concentrations within a single major). The minimum hour requirement for a double major is 138 degree credit hours to include all requirements for both majors. If there are courses common to both majors, the department chairs involved will agree upon and specify additional requirements in lieu of the common courses. The junior/senior business elective block is reduced by three hours; however, choice of the junior/senior business electives is restricted to no more than three total hours from each department that offers the two majors. Students who have elected to substitute a foreign language course of study for junior/senior business electives must complete 12 hours of junior/senior language courses. The student must notify the Undergraduate Programs Office of intent to pursue a double major. All requirements for double majors must be completed prior to awarding of a degree.

Additional Bachelor's Degrees Students seeking a second bachelor's degree must contact the undergraduate programs office to ascertain specific requirements. Degree candidates must meet the university's general graduation requirements. The university requires that 1) the student take a minimum of 30 semester hours over the requirements for the first degree, and 2) the 30 hours cover a minimum of 36 weeks in residency at the Fayetteville campus. Walton College also requires that the student complete all courses in the pre-business and business core and the major and any additional business requirements. (If some of these have been completed on the first degree, they are waived). It is recommended that any additional courses needed to finish the University's 30-hour requirement be junior or senior business electives. The second degree may be taken after the first is awarded, or both degrees may be awarded simultaneously after completion of all requirements for both.

College Graduation Requirements

- University Requirements. Degree candidates must meet the following: the University's general entrance requirements, number of credit hours required in residence, and the "requirements for graduation," including the University Core American history.
- 2. Hour Requirements. Degree candidates must satisfactorily complete the total number of semester hours specified for the curriculum in courses approved for one of the majors outlined in the succeeding pages. No less than 50 percent of the total credits must be in approved subjects other than business. Not all courses offered by the University will be accepted for degree credit by Walton College. Courses falling into this category are ANTH 0003, PHSC 0003, ARSC 0013, ENGL 0003 and MATH 0003. A course is considered developmental if 1) it is so designated by the university or 2) it is a lower-division course taken after a higher-level course is taken. Credit will not be given for duplicate course work.
- 3. **Grade Requirements.** Students must earn a grade of "C" or better in all pre-business core course requirements. Each student must have a 2.00 cumulative GPA in each of the following areas: a) all work completed at the University of Arkansas, b) all courses specifically designated for the major and c) all required business core courses and required economics courses.
- 4. General Education Course Work. A student's general education course work must satisfy university core requirements, additional college/program course-specific requirements, as well as these two area requirements: 1) social issues, multicultural environment, and demographic diversity, and 2) micro and macroeconomics. If a student has not satisfied these area requirements within the fine arts and/or social sciences areas of the university core, these area requirements must be satisfied through general education electives to allow students to complete degree requirements within the hours indicated above.
- 5. Enrollment Requirement. Students must earn a minimum of 30 semester hours on the Fayetteville campus this includes study abroad classes, on-line and Global Campus courses. Other courses paid toward Fayetteville campus tuition and fees may be used with the approval of the student's Dean's Office. These 30 semester hours must include WCOB 3016 and 24 hours of upper division courses required for the completion of the major and/or degree program.
- Correspondence Course Rules. No more than 18 hours of course work taken by correspondence may apply toward a degree. These 18 hours may not include more than 12 hours of courses in economics or business.
- 7. Catalog/Curriculum Changes. Business is a dynamic profession, and the college and department curricula are updated continuously to keep pace with changes in the business world. Students entering under this catalog will be required to comply with such curricular changes to earn their degree. The total number of hours required for the degree, however, may not be increased, and all work completed in accordance with this catalog prior to the curriculum change will be applied toward the student's degree

requirements. Furthermore, courses incorporated into the curriculum at a level lower than the one the student has completed are not required for that student unless there are specific prerequisites. Students entering under earlier catalogs are responsible for completing the graduation requirements as published in the catalog in effect when they entered the program. Students having interruptions of their academic programs that exceed two calendar years must complete the requirements published in the catalog in effect when they reenter the program. Exceptions to the graduation requirements must be approved by the assistant dean for undergraduate programs or designee and the appropriate department chair.

Graduation with Honors The bachelor's degree Summa Cum Laude (with highest honors), Magna Cum Laude (with high honors), or Cum Laude (with honors) may be conferred only upon those students who have successfully completed the Walton College Honors Program. Both Walton Scholars and Departmental Scholars are eligible for these designations. Students whose cumulative gradepoint average place them in the top 10 percent of their graduating class but who have not completed the Honors Program are eligible for the designation "With Distinction" on their official transcript. Among those students completing the Honors Program, the designations Summa Cum Laude, Magna Cum Laude and Cum Laude shall be determined as follows: 1. Top 20 percent of students completing the Honors Program: Summa Cum Laude 2. Next 30 percent of students completing the Honors Program: Cum Laude No honors degree will be conferred upon a candidate who has not completed at least 50 percent of his or her degree work at the University of Arkansas or who, in the last four semesters of attendance, has a cumulative gradepoint average of less than 3.00 or has received a "D" or "F" in any course in the last semester. Certain other requirements will be outlined on request by the dean of the College.

Eight-Semester Degree Program Policy The Walton College offers an eight-semester degree-completion program in each of the majors. Some majors offer several concentrations, and eight-semester programs are available for each of the concentrations online at http://catalogofstudies.uark.edu.

Cooperative Education Cooperative education (co-op) is an academic program that enables students to gain degree-related experience prior to graduation. It is a planned, progressive educational strategy in which the student obtains work experience related to his or her academic major and career goals. Participating students earn academic credit for their work experiences and are always paid by their employers. Co-op students can maintain their status as full-time students while participating in the program, even if their co-op experience requires they spend a semester working full-time.

Walton College students are eligible for co-op credit if they have 1) completed the pre-business core and have obtained at least 60 hours of credit, 2) a cumulative grade-point average of 2.5 or better, and 3) a grade-point average of 2.5 or better for the last full-time term completed. Students may receive one hour of credit per semester for a job that requires 12-19 hours of work per week or two hours of credit per semester for a job that requires 20 or more hours per week. A maximum of six hours of degree credit may be awarded as a junior- senior-level business elective. Full-time students who work 40 hours or more per week in internships approved by the co-op education academic coordinator are eligible for three hours of academic credit per semester, or per full summer, provided they have a minimum GPA of 2.75, as well as having received a GPA of at least 2.75 in the prior full-time semester.

Students may seek either to qualify a job they have found themselves for co-op credit, or they may seek an employment opportunity through the Walton College Career Development Center, WJWH 226. The employment opportunity may be either a full-time, off campus work assignment that alternates with semesters spent on campus taking courses (an alternating co-op), or it may be a part-time job undertaken concurrently with course work (a parallel co-op). Once a student has been matched with an approved job, the co-op coordinator, the faculty co-op adviser, the student's work place supervisor and the student work together to formulate career-related learning objectives for the coming semester of work. These objectives must be in writing and in to the cooperative education coordinator in order for a student to be registered for co-op. At the end of each semester of work, the student is required to submit a three- to five-page paper that re-states the student's learning objectives for the semester and discusses how the job experience fulfilled the objectives. The student is also required to submit an employer evaluation form, and the work supervisor is asked to submit an evaluation of the student's work. For information on participating in Walton College co-op program, a current listing of co-op opportunities, and phone numbers of people with whom you may discuss these opportunities, visit the Cooperative Education home page on the Web at http://waltoncollege.uark.edu/coop.

ACADEMIC STANDING:

Conditions for Good Standing, Warning, Suspension, and Dismissal A student's academic standing in the University is determined at the end of each term of enrollment (fall, spring or summer) on the basis of the student's cumulative and/or term grade point average (GPA) and number of hours earned. See the chart below for the required performance levels. The student's academic standing governs his or her reenrollment status and determines any conditions associated with reenrollment or denial of enrollment for a subsequent term. Normally, students will be notified individually by the University of their standing shortly after the end of each term. However, this policy statement is the formal notification to all students of the conditions that determine academic standing and the consequences for each term, regardless of individual notification.

Good Standing: Upon initial admission and during a student's first term of enrollment, except for transfer students, the student is in good standing. (The standing of a transfer student reflects the student's prior record and the status assigned upon admission). A student remains in, or returns to, good academic standing at the end of any term when the cumulative GPA is at or above the required minimum.

Academic Warning: When a student's cumulative GPA falls below the minimum required for good standing, the student will be put on academic warning. This status is not recorded on the student's permanent academic record and will not appear on transcripts. A student who enrolls for a term on academic warning may take no more than 12 hours (unless more are approved by the student's advisor and dean). To continue for one or more additional terms on academic warning, the student must earn a term GPA at or above the cumulative GPA required for good standing. The student can remain on academic warning until the cumulative GPA is at or above the required minimum for good standing unless the student becomes subject to academic suspension by failing to earn the required term GPA.

Academic Suspension: A student on academic warning who does not earn the minimum required term GPA will be suspended from full-time enrollment. No student may be suspended who has not spent the prior term of enrollment on academic warning. A student on academic suspension has two alternatives: limited enrollment or academic leave of one year from the University.

- Students who choose limited enrollment may enroll for up to 9 hours of on-campus or Independent Study course work (as approved by the student's advisor and dean) and must earn at least 6 hours of credit with grades of C or higher in all courses taken. A student who meets these conditions may enroll for a subsequent term on academic warning post suspension. Students who meet the 2.0 GPA requirement but do not complete 6 hours will not be allowed to enroll for the remainder of the one year suspension period.
- Students who choose academic leave may apply for readmission one year after the term of the suspension. A
 student who does not earn credit from another institution will be readmitted on academic warning post
 suspension. A student who earns credit from another institution(s) during or subsequent to the year of
 suspension must apply to the University for admission as a transfer student and will be granted academic
 standing consistent with transfer admission policy and the student's record.

Academic Warning Following Suspension: A student on academic warning post suspension may take no more than 12 hours (unless more are approved by the student's advisor and dean) and must earn a term GPA of 2.00 or higher for each term of enrollment until the student's cumulative GPA is at the level required for good standing. Failure to satisfy these requirements will result in dismissal.

Academic Dismissal: A student on academic suspension or academic warning post suspension who does not earn a term GPA of 2.00 or higher and satisfy all other requirements associated with his or her status will be dismissed from the University. A student who has been dismissed may be readmitted only upon action of the Academic Standards Committee. Course work taken through Independent Study while under dismissal may be submitted to the committee as evidence of academic competence. If readmitted, the student may receive degree credit for such course work.

Academic Warning Following Dismissal: A student who enrolls subsequent to an initial dismissal and following favorable action of the Academic Standards Committee is placed on academic warning post dismissal and may take no more than 12 hours (unless more are approved by the student's advisor and dean) and must earn a term GPA of 2.00 or higher. Failure to satisfy these requirements will result in a second academic dismissal. A second dismissal is for five years, after which a student must apply for readmission to the University and may also apply for Academic Bankruptcy. Individual colleges or programs have the discretion to set academic admission and continuation standards for specific programs that are higher than University standards.

Academic Standing Chart

Cumulative Hours Earned determine status	Good Academic Standing when	Placed on Academic Warning when	Continued on Academic Warning when	Suspended when	Dismissed when	Continued on Academic Warning Post Suspension and Post Dismissal when

61 hrs. or more	2.00 or higher	Less than 2.00	2.00 or higher	Less than 2.00	Less than 2.00	2.00 or higher

Students who are on Academic Dismissal can take Correspondence/Independent Study through the University of Arkansas (and use their Grade Forgiveness) to raise their GPA. If their cumulative GPA is not a 2.00 or higher they would still have to petition Academic Standards to be readmitted. Students should contact their academic advisor before enrolling in any correspondence courses. See the Global Campus website for application and forms at: http://globalcampus.uark.edu/.

Correspondence Course Rules. No more than 18 hours of course work taken by correspondence may apply toward a degree. These 18 hours may not include more than 12 hours of courses in economics or business, and may not include any junior- or senior-level economics or business courses.

NOTES:			

COURSE PLACEMENT

ENGLISH:

- Students who score 19 or above on the English portion of the ACT (or 470 SAT verbal) may begin
 the English series with ENGL 1013. Scores below 19 (or 470) require students to take ENGL 0002
 Basic Writing with ENGL 1013 Composition I.
- Students who score 30 or above on English portion of the ACT (or 680 SAT verbal) can be exempt from ENGL 1013 and ENGL 1023 Composition I and II but must complete 6 additional hours of General Education Electives.

MATH:

Basic Information: The UA Math Placement Assessment is completed online through the student's ISIS portal at http://isis.uark.edu, starting in Mid-April, ideally before the orientation session prior to matriculation. It is composed of review problems and three timed assessments. All students must start with UA Preparedness for Algebra (PALG). Upon satisfying the minimum score for PALG, the student may continue with UA Mastery of College Algebra (MALG). Upon satisfying the minimum score for MALG, the student may either place in the desired course (see list below) or take UA Preparedness for Calculus (PCALC) if they wish to place into MATH 2554C Calculus I. Students have three attempts to satisfy the minimum score for each assessment and ample opportunity to study sample problems to review the required mathematical skills. If, after three attempts, students do not meet the minimum score (below), they will only be allowed to enroll in the course in which they qualify.

If the student wishes to enroll in:	Student must score at least the following on the Math Placement Test	Student is exempt from taking the Placement Test with the following minimum ACT or SAT MATH Score

^{*}Only students who score a minimum of 30 on ACT Math or 680 on SAT Math are eligible to take MATH 2554H Honors Calculus I. **If the score is not at least one of the minimums listed for MATH 1204, the student will be required to take MATH 0003.

Business Minors Students may elect to obtain a business major and a business minor by completing all required courses for both the major and the minor in the Walton College (but not a major and minor within the same discipline). Students must complete all requirements for both the major and the minor and may not use more than six hours of major courses toward minor requirements. However, if there are common courses to both, the department chairs involved will agree upon and specify additional requirements.

Minors in the J. William Fulbright College of Arts and Sciences Students in Walton College may pursue an academic minor in the J. William Fulbright College of Arts and Sciences. Academic minors usually consist of 15 to 18 hours of course work. The available minors and course requirements are specified in the Fulbright College section of the catalog. Students must notify the Undergraduate Programs Office in Walton College of their intention to pursue a minor as early as possible. Walton College will certify that the requirements of the minor have been satisfied by graduation and, with the assistance of the Fulbright College, will advise students on the requirements to complete a minor. The minor will be designated on the student's transcript.

Courses that are part of the University Core Requirements or the additional General Education Requirements or any other non-business course that is part of a student's course of study may also be counted for credit in a minor. For example, ANTH 1023 Introduction to Cultural Anthropology is a concentration in the B.S.B.A. social science bloc and can also be used to satisfy the requirements of the anthropology minor. Other courses in a minor can be counted as general education electives. Walton College economics majors in the business economics concentration or the international economics and business concentration may not obtain a Fulbright College minor in economics. Please check the Catalog of Studies for a complete list of Arts and Sciences minors.

Graduate Studies The University of Arkansas offers the following advanced degrees in business: Master of Accountancy, Master of Business Administration, Master of Arts in Economics, Master of Information Systems, Doctor of Philosophy in Business Administration, and Doctor of Philosophy in Economics. Bachelor of Science in International Business Degree (B.S.I.B.)

The Bachelor of Science in International Business degree is intended for students who wish to learn more about the international aspects of business. It provides preparation for a broad range of careers in business, including accounting, management, marketing, economics, information systems, finance, and supply chain management. This degree is also well suited for students wishing to continue their studies in law, international affairs, or graduate education in business and economics.

This degree requires completion of the University Core and Walton College Core courses, as well as course work in international business, a single foreign language and an area of study related to that language. In addition, students must select a concentration in one of the following areas: accounting, business economics, information systems, finance, general business, management, marketing or transportation and logistics.

Core Requirements for B.S.I.B. Degree—refer to pages 14 & 15

Business Requirements for B.S.I.B. Degree

PREBUSINESS CORE

All Walton College of Business students must complete the pre-business requirements with the required grades and grade point average prior to enrollment in junior or senior level business courses in the Walton College. (students must also maintain 2.50 to remain in upper level classes) To be eligible to enroll in upper division business courses in the Walton College of Business a student must:

- Have at least a 2.50 overall GPA.
- Have at least a 2.50 pre-business GPA
- Grades of "C" or better in all pre-business courses.

The pre-business core courses are as follows:

- □ MATH 2053 Finite Math
- □ ECON 2013 Macroeconomics
- □ ECON 2023 Microeconomics
- □ MATH 2043 Survey of Calculus
- □ COMM 1313 Public Speaking
- □ WCOB 1120 Computer Comp Requirement
- □ WCOB 1111 Business Connections
- □ WCOB 1012 Legal Environment of Business
- □ WCOB 1023 Business Foundations

TOTAL REQUIRED FOR BSBA DEGREE: 125 HOURS

Foreign Language Requirements for B.S.I.B. Degree

Foreign Language Requirements (12 Hours)

- □ FLAN 2003 Intermediate I (Fine Arts)
- □ FLAN 2013 Intermediate II
- □ Upper FLAN (3000-4000 Level)
- □ Upper FLAN (3000-4000 Level)

Area Studies Requirements (9 Hours)

- 1. Any upper division FLAN course or
- 2. Minor in FLAN (recommended) or
- 3. Select upper division courses related to chosen FLAN (see list)

[FLAN are often transferred in from Study Abroad]

Electives in Major (6 hours) see BSIB upper level

Foreign Language Requirements

Students whose native language is English or whose native language is not taught at the University of Arkansas must complete 12 hours of university course work in a single foreign language — six hours of intermediate language and six hours of upper-division course work in communications and business language, or equivalent. Students who, on the basis of prior knowledge of language, omit one or both courses in the intermediate language sequence — FLAN 2003, FLAN 2013 — may receive degree credit for omitted courses if they validate their higher placement by passing the business language course (or equivalent) with a grade of "C" or above. Students with no previous foreign language training or only rudimentary knowledge of a foreign language will be required to complete up to six hours of elementary language: FLAN 1003, FLAN 1013 — in addition to the 12 hours of language specified above. No degree credit will be given for elementary language courses.

Foreign Language Concentrations Students may select one of the following language tracks:

- □ Arabic ARAB 2013, ARAB 2016, ARAB 3016 or equivalent
- □ Chinese CHIN 2003, CHIN 2013, CHIN 3033, and any other upper division CHIN
- French FREN 2003, FREN 2013, FREN 4333, FREN 3033 or FREN 3003
- □ German GERM 2003, GERM 2013, GERM 3003 and GERM 4333
- □ Italian ITAL 2003, ITAL 2013, ITAL 3003 and ITAL 3013
- Japanese JAPN 2003, JAPN 2013, JAPN 3003 and JAPN 3013
- $\hfill\Box$ Spanish SPAN 2003, SPAN 2013, SPAN 3003 and SPAN 4333

Students whose native language is not English but is taught at the University of Arkansas must select a third language from the list above or substitute six hours of upper-division English language courses (i.e., speech, writing, or U.S. literature), to be selected with the consent of the international business adviser. Those students whose native language is not taught at the University of Arkansas will normally be required to select a third language.

NOTES:			

Area Studies Requirements For students taking a foreign language, nine hours of upper-division course work in the J. William Fulbright College of Arts and Sciences are required. Domestic students can satisfy this requirement in one of three ways:

- 1) any upper division foreign language course,
- 2) minor in a foreign language, and/or
- 3) select upper division courses related to the foreign language to include:
 - Arabic any upper division course for Middle Eastern Studies (MEST) to include MEST 4003, 4003H or additional courses listed under MEST in the university catalog
 - Chinese/Japanese/Asian Studies any upper division course for Asian Studies (AIST)
 - French any upper division course for EUST
 - German any upper division course for EUST
 - Italian any upper division course for EUST
 - Spanish any upper division course for Latin American Studies (LAST) or European Studies (EUST) to include LAST 4003, LAST 4003H, or LAST 470V or additional courses listed under LAST in the university catalog, or EUST 399VH, EUST 4003, EUST 4003H, EUST 470V, or EUST 470VH or additional courses listed under EUST in the university catalog.

International students may satisfy this requirement in one of two ways:

1) For students who choose to take a third language, area studies requirements are the same as those for domestic students. 2) For students who choose to take six hours of upper division English to satisfy their language requirement, nine hours of upper division course work in the J. William Fulbright College of Arts and Sciences pertaining to the United States to include any upper division course for American Studies (AMST) listed in the University catalog.

International Experience Requirement

At a minimum, a domestic student must complete a study abroad program approved by the Walton College of at least four weeks and six credit hours, or work abroad, or work with the international division of a domestic company as part of their program. Students are strongly encouraged, but not required, to seek job experience in a company located in a company located in a country related to their foreign language requirement.

Clarifying Notes on Degree Requirements

- 1. Courses that are required in either Walton College or the international business core and also are required in one of the business concentrations cannot be used to satisfy both requirements. For example, students who take FINN 3703 to satisfy the finance concentration requirements cannot also use it to satisfy the international business requirements.
- 2. Students who select ECON 2013 and ECON 2023 to partially satisfy the social science bloc and FLAN 2003 to partially satisfy the fine arts and humanities bloc of the University Core Requirements can complete the degree with 125 hours. Students selecting other courses to satisfy these requirements will have longer programs.

Business Minors for Business Students

The Sam M. Walton College of Business offers a variety of business minors for students desiring specific knowledge in another area of business (outside of their major) to assist them in their business careers. The minor requires the completion of 15 specific hours of study. All courses applied toward the minor must be taken in residence. Students who desire to earn a Business Minor must notify the Walton College Undergraduate Programs Office of intent to pursue the minor. All requirements for the minor must be completed prior to the awarding of the student's undergraduate degree. All specific course prerequisites must be met. Each student must have a 2.00 cumulative grade point in the courses offered for the minor.

Note: No more than 6 hours of major courses may be used toward minor requirements. See page 12 for more information.
