

The Going Global database contains state, metro and US-wide H1B records gathered directly from the US Department of Labor (DOL), the government agency responsible for all H1B submissions. Once a year, DOL makes available a listing of all companies who have submitted H1B visa applications for the prior 12 months, from September to October. The records contained in Going Global’s database are the most recent records available.

U of A students can access parts of the database for free. But you must be on campus using a U of A computer or linked to UA wireless to access the free portion of the system. You cannot access the free database from a computer off campus.

Tip: Don’t get discouraged or overwhelmed. This process will take extra time and research. But effort is required for any job search.

RECOMMENDED SEARCH STRATEGY #1: searching by state

Step 1: Go to <http://online.goinglobal.com/H1BInfo.aspx> (Remember you must be using a computer on campus and/or connected to UA wireless to access the database.)

Step 2: Click on “State Search”

The screenshot shows the GOINGLOBAL website interface. At the top, there is a navigation bar with tabs for Home, Country Guides, USA/Canada City Guides, H1B Info, Employer Directory, and Jobs/Internships. The main content area is titled "H-1B Info" and contains three paragraphs of text describing the database. Below the text are three search buttons: "H1B INFO Metro Search", "H1B INFO State Search" (circled in red), and "H1B PLUS USA Search". The footer includes "Go to Top", "Terms of Use", and "Print Page".

Step 3: Select a state

Tip: Look at states within a 300 mile radius of the U of A. These are the states that are more likely to hire U of A grads. Plus, they have lower unemployment rates than most of the country.

The screenshot shows the University of Arkansas GOINGLOBAL website. The header includes the logo and navigation links: Home, Country Guides, USA/Canada City Guides, H1B Info, Employer Directory, and Jobs/Internships. The main content area is titled "H-1B Visa Employers by State" and features a grid of state links. The Arkansas link is circled in red. A sidebar on the left contains social media links and various service categories.
