Real Estate Summary For Benton and Washington Counties

This report is the fiftieth edition of the Skyline Report for Benton and Washington Counties—Multifamily Real Estate Market Analysis. Researchers at the Center for Business and Economic Research in the Sam M. Walton College of Business at the University of Arkansas produce the Skyline Report to provide timely statistical analysis of the Northwest Arkansas multifamily real estate market. This study is a companion piece to the semiannual single-family residential and commercial Skyline Reports. There is a complex dynamic between multifamily housing, residential rental housing, and residential home ownership that is being influenced by several factors including: quantity of multifamily supply, quantity of rental housing, interest rates, underwriting standards, and unemployment rates, among others. The information contained in the following pages details the current condition of the multifamily market and sets the stage for future comparisons.

Highlights from the First Half of 2024

The multifamily vacancy rate increased to 3.3 percent in the first half of 2024 from 3.1 percent in the second half of 2023. The increase was driven by 11 new and completed complexes with 1,027 total units and 406 available units. With the 11 complexes removed the overall vacancy rate decreased to 2.6 percent.

The Fayetteville vacancy rate increased to 1.9 percent in the first half of 2024 from 1.7 percent in the second half of 2023. More than 700 new rental units are under construction and an additional 8,100 have been announced (34.8 percent of current inventory) in the Fayetteville market.

In Bentonville, vacancy rates decreased to 4.5 percent in the first half of 2024 from 4.9 percent in the second half of 2023. More than 1,350 new rental units are under construction and an additional 4,100 have been announced (55.8 percent of current inventory) in the Bentonville market.

Vacancy rates in Rogers increased to 6.9 percent in the first half of 2024 from 6.6 percent in the second half of 2023, the highest in Northwest Arkansas. More than 1,900 new rental units are under construction and an additional 6,400 have been announced (92.4 percent of current inventory) in the Rogers market.

Siloam Springs vacancy increased to 1.1 percent in the first half of 2024, from 0.9 percent in the second half of 2023, the lowest in Northwest Arkansas. More than 70 new rental units are under construction and an additional 280 have been announced (23.6 percent of current inventory) in the Siloam Springs market.

In Springdale, the vacancy rate increased to 2.9 percent in the first half of 2024 from 2.0 percent in the second half of 2023. More than 1,350 new rental units are under construction and an additional 800 have been announced (23.3 percent of current inventory) in the Springdale market.

In the first half of 2024, the average lease rate per month for a multifamily property unit in Northwest Arkansas increased to \$1037.57, from \$1005.40 in the second half of 2023.

In the first half of 2024, 12 current multifamily projects had building permits valued at \$362.6 million an increase from \$256.4 million in the second half of 2023.
