Multifamily Real Estate Summary for Benton Madison and Washington Counties

This report is the fiftieth edition of the Skyline Report for Benton and Washington Counties—Multifamily Real Estate Market Analysis. Researchers at the Center for Business and Economic Research in the Sam M. Walton College of Business at the University of Arkansas produce the Skyline Report to provide timely statistical analysis of the Northwest Arkansas multifamily real estate market. This study is a companion piece to the semiannual single-family residential and commercial Skyline Reports. There is a complex dynamic between multifamily housing, residential rental housing, and residential home ownership that is being influenced by several factors including: quantity of multifamily supply, quantity of rental housing, interest rates, underwriting standards, and unemployment rates, among others. The information contained in the following pages details the current condition of the multifamily market and sets the stage for future comparisons.

Multifamily Highlights from the First Half of 2024

The multifamily vacancy rate increased to 3.3 percent in the first half of 2024 from 3.1 percent in the second half of 2023. The increase was driven by 11 new and completed complexes with 1,027 total units and 406 available units. With the 11 complexes removed the overall vacancy rate decreased to 2.6 percent.

The Fayetteville vacancy rate increased to 1.9 percent in the first half of 2024 from 1.7 percent in the second half of 2023. More than 700 new rental units are under construction and an additional 8,100 have been announced (24.5 percent of current inventory) in the Fayetteville market.

In Bentonville, vacancy rates decreased to 4.5 percent in the first half of 2024 from 4.9 percent in the second half of 2023. More than 1,350 new rental units are under construction and an additional 4,100 have been announced (55.8 percent of current inventory) in the Bentonville market.

Vacancy rates in Rogers increased to 6.9 percent in the first half of 2024 from 6.6 percent in the second half of 2023, the highest in Northwest Arkansas. More than 1,900 new rental units are under construction and an additional 6,400 have been announced (92.4 percent of current inventory) in the Rogers market.

Siloam Springs vacancy increased to 1.1 percent in the first half of 2024, from 0.9 percent in the second half of 2023, the lowest in Northwest Arkansas. More than 70 new rental units are under construction and an additional 280 have been announced (23.6 percent of current inventory) in the Siloam Springs market.

In Springdale, the vacancy rate increased to 2.9 percent in the first half of 2024 from 2.0 percent in the second half of 2023. More than 1,350 new rental units are under construction and an additional 800 have been announced (23.3 percent of current inventory) in the Springdale market.

In the first half of 2024, the average lease rate per month for a multifamily property unit in Northwest Arkansas increased to \$1037.57, from \$1005.40 in the second half of 2023.

In the first half of 2024, 12 current multifamily projects had building permits valued at \$362.6 million an increase from \$256.4 million in the second half of 2023.

Multifamily Market Trends Report Overview

The results of an in-depth data gathering process are presented and analyzed in this report. Data from three distinct sources were used to examine the characteristics of the Northwest Arkansas multifamily residential housing market. First, building permit data was examined to identify any multifamily units that were new to the market. Second, the databases from the Benton and Washington County Assessors' offices were searched to identify existing multifamily properties. Finally, a survey of the population of multifamily property managers was conducted in order to collect the characteristics of the Northwest Arkansas multifamily housing market.

The Skyline Report is structured in the following way. In the first section, a review of relevant economic statistics is presented to establish a context for examining multifamily housing. In the section that follows the economic overview, regional comparisons are detailed. A short discussion about condominium market is shown second, followed by two tables with announcements of coming multifamily projects. A section on multifamily building permits issued in the last twelve months follows. Next, there is an analysis of the data obtained from the Benton and Washington County Assessors' offices. The total number and the square footage of the population of multifamily properties in Northwest Arkansas are broken down by major city. Then, the coverage of the sample of Skyline Report survey respondents is discussed in relation to that population. Finally, vacancy rates, average and median unit sizes as well as average and median floor plan prices, all calculated from the survey sample, are presented on a regional basis.

The report then turns to a more detailed city-by-city analysis. For this report, Bentonville (now incorporating Centerton), Fayetteville, Rogers, Siloam Springs, and Springdale (now incorporating Tontitown) were examined. In order to collect this specific information about Northwest Arkansas multifamily residential properties, Center for Business and Economic Research staff surveyed the population of multifamily property managers. To identify potential respondents, databases from the Washington and Benton County Assessors' offices were searched. Contact information was obtained where available and at least three phone contacts were attempted for each respondent. When no response was forthcoming, the properties were physically visited by a surveyor.

As the fiftieth edition of the multifamily series of the Skyline Report, this study provides trend comparisons in vacancy rates, prices, unit sizes, and other multifamily property characteristics. It is helpful to look at some key macroeconomic statistics in order to get a sense of the Northwest Arkansas commercial real estate market. The rate of activity in the Northwest Arkansas commercial real estate market is dependent upon two general factors: those that are specific to the region and those that are national in nature.

Regional Overview

While increased demand from population growth, coupled with the overall low vacancy rate in the region, has driven the overall Northwest Arkansas multifamily market over the past decade, current building is also being driven by perceived demand for higher end apartment complexes, particularly in Benton County. Some multifamily builders feel that projects in a particular location close to campus, or with special amenities that might appeal to students, can be successful by meeting the needs of the University of Arkansas student population and taking tenants from older complexes. The newer student housing complexes are not geared to be highly competitive in terms of pricing, although project developers assert the price differential is made up by all the utilities and amenities included in the lease rates. Additionally, the developers of new apartment complexes around the University of Arkansas are heavily recruiting students from Texas who are accepting enrollment at the Fayetteville campus.

Multifamily housing serves multiple purposes in Northwest Arkansas. In Fayetteville, home of the University of Arkansas, the state's flagship institution of higher education, much of the supply of multifamily housing is designed to serve the everchanging student population. In addition to providing student housing, multifamily properties also act as affordable housing for those whose financial status and credit ratings are not sufficient to purchase a single-family home, or for those who are still choosing not to purchase single family residences, even if they could do so. Coupled with rate increases in affordable single family rental housing, this may cause an increase in the demand for multifamily housing.

Multifamily properties also serve as transitional housing for those who are between single family residences. Additionally, in Rogers and Bentonville, a number of upscale properties with monthly leases comparable to, and even exceeding, monthly mortgage payments are in the market. These properties are designed to provide easy accessibility to the commercial districts of the cities and to appeal to tenants looking to eliminate property maintenance responsibilities. These upscale properties pushed up average rents but have leased strongly and tend to negatively impact vacancy rates for only one report period.

In the Skyline Report sample, Fayetteville had the most multifamily properties in Northwest Arkansas with 369 properties totaling approximately 14.1 million square feet. Following Fayetteville, in descending order from most multifamily properties to fewest in the sample were Bentonville, Springdale, Rogers, and Siloam Springs. These cities had 460 multifamily properties, totaling almost 24.3 million square feet.

Announced Multifamily Properties

The business press was examined to formulate the attached table of announced new projects. This potential supply could add over 5,500 (1,350 under construction and 4,150 announced) rental units to the Bentonville market, over 8,800 (700 under construction and 8,100 announced) units to the Fayetteville market, over 8,300 (1,900 under construction and 6,400 announced) units to the Rogers market, 350 (70 under construction and 280 announced) units to the Siloam Springs market, and over 2,100 (1,300 under construction and 800 announced) units in the Springdale market, if all are built. In addition, the University of Arkansas has 6,232 beds, with an occupancy rate of 98.0 percent. Further, Greek Life at the University of Arkansas currently has approximately 1,534 beds with 1,453 occupied. Student housing predicts a need for more than 1,400 beds being constructed by 2027. For the 2023-24 school year, University housing has three contracts with by-the-bed student housing complexes.

The associated table details the building permits that have been issued for multifamily housing purposes over the past twelve months. In Northwest Arkansas, 738 building permits were issued, worth \$362.6 million, for 12 separate complexes. One project, The Village at Tara Ridge is located in Bentonville/Centerton with permits valued at \$29.1 million. Rogers had four projects valued at \$95.6 million. The Grove Multifamily was the highest valued at \$36.3 million. Pinnacle Springs added \$31.3 million and the Villas at Turtle Creek added \$20.7 million. Two projects worth \$6.3 million are in Siloam Springs. Seven projects in Fayetteville, are valued at \$71.2 million. The Junction at Fayetteville totaled \$24.9 million. Nine projects with permits valued at \$160.3 million were located in Springdale/Tontitown. The highest was Clear Creek Apartments valued at \$51.2 million. Trails at the Crossing II added \$35.9 million while The Ramsay at Springdale added \$27.6 million. The table on the next page gives additional details.

Building Permits

Date of Permit	Complex or Developer	Number of Permits	Total Value of Permits	City

Inventory

Building permits give a good indication of the types and amounts of space that will become available on the market in the near future. However, to understand the existing inventory of multifamily properties, the Center for Business and Economic Research staff examined the property tax databases from the offices of the Benton and Washington County assessors. From those databases, parcels that were classified as multifamily residential were identified and then results were aggregated by complex to avoid double counting. Unfortunately, the databases do not include any measure of the number of units associated with a particular property, but rather the total square feet of any buildings on the parcels is provided. The number of properties by city and the total square

feet of multifamily residential space are provided in the accompanying table.

The Center for Business and Economic Research staff attempted to obtain additional information about each of the multifamily residential properties in these five cities. A survey instrument was developed to ascertain the number of units in each property, the number of units currently available for lease, the different types of floor plans, the prices of different

floor plans, lease durations, and the amenities associated with each property. An online data collection tool was used to streamline the process and to make responding more convenient for apartment managers. The results from this surveying effort comprise the remainder of this report. In the first half of 2024 information was collected on 101.0 percent of the existing square footage of multifamily properties, an decrease from the 101.5 percent in the second half of 2023. Some properties surveyed had square feet not yet included in the assessor database, hence the 101.0 percent.

It is important to remember that the survey sample disproportionately measures large properties

Inventory

with many units, rather than small multifamily properties when analyzed. In as much as the large properties drive the market for multifamily housing, extrapolating the results to the entire population is entirely reasonable. In the first half of 2024, survey respondents reported on 55,303 total units in 912 multifamily properties.

These properties had a combined vacancy rate of 3.3 percent, an increase from 3.1 percent in the second half of 2023. The highest vacancy rate was in Rogers at 6.9 percent and the lowest vacancy rate was in Siloam Springs at 1.1 percent. Bentonville had vacancy rates of 4.5 percent, Fayetteville 1.9 percent, and Springdale 2.9 percent.

Within the sample, the average lease price per month in Northwest Arkansas increased to \$1037.57 from \$1005.40 in the first half of 2024. Meanwhile, the average square footage increased to 795 in the first half of 2024 from 788 square feet in the second half of 2023.

The median lease price increased from \$875.00 in the second half of 2023 to \$910.00 in the first half of 2024 while the median size of a unit decreased to 841 square feet in the first half of 2024 from 849 square feet in the second half of 2023.

The average price per square foot of a multifamily property was \$1.31, increasing from \$1.28 in the second half of 2023. The median price per square foot increased to \$1.08 in the first half of 2024 from \$1.03 in the first half of 2023.

Examining the Northwest Arkansas price and square footage by floor plan yields other statistics. On an average price per square foot basis, from the most expensive to the least expensive floor plans, by-the bed averaging \$2.01, studio averaging 1.76 one bedroom

averaging \$1.45, two bedrooms averaging \$1.15, 4 bedroom averaging \$1.19 and three bedroom averaging \$1.09.

Some properties are not currently in the County Assessor's database and were researched independently by Center researchers.

Bentonville

The Benton County Assessor's database contained 176 multifamily properties in Bentonville in the first half of 2024. These properties comprise 8,475,649 square feet.

The 149 Bentonville Skyline Report survey respondents accounted for 96.7percent of the square footage of the multifamily properties in Bentonville.

In the 9,973 units that were reported by Skyline Report survey respondents, the vacancy rate was 4.5 percent in the first half of 2024, down from the 4.9 percent vacancy rate in the second half of 2023.

The average lease price of all units in Bentonville increased to \$1,242.92 in the first half of 2024 from \$1,118.44 in the second half of 2023. The average size of a unit increased to 924 square feet from 915 in the second half of 2023.

The monthly leases for Bentonville multifamily properties averaged \$1.35 per square foot. The price per square foot averages ranges from a studio apartment unit at \$2.08 per square foot to a 4-bedroom apartment at \$1.23 per square foot in first half of 2024.

Many Bentonville multifamily properties require 6-month or 12-month leases, although some month to month leases were available.

Average Size and Price by Floor Plan	Square Feet	Price per Month	Price per Square Feet
Studio	561	\$1,165.44	\$2.08
1 Bedroom	699	\$1,101.83	\$1.58
2 Bedroom	1,021	\$1,259.97	\$1.23
3 Bedroom	1,412	\$1,750.49	\$1.24
4 Bedroom	1,846	\$2,268.48	\$1.23
Bentonville	924	\$1,242.92	\$1.35

Fayetteville

The Washington County Assessor's database contained 349 multifamily properties in Fayetteville in the first half of 2024. These properties comprise 13,738,741 square feet.

The 369 Fayetteville Skyline Report survey respondents accounted for 102.6 percent of the square footage of the multifamily properties in Fayetteville.

In the 25,497 units that were reported by Skyline Report survey respondents, the vacancy rate was 1.9 percent in the first half of 2024, up from the 1.7 percent vacancy rate in the second half of 2023.

The average lease price of all units in Fayetteville increased to \$934.56 in the first half of 2024 from \$827.87 in the second half of 2023. The average size of a unit increased to 675 square feet from 668 in the second half of 2023.

The monthly leases for Fayetteville multifamily properties averaged \$1.38 per square foot. The price per square foot averages ranges from a studio apartment unit at \$1.68 per square foot to a 4-bedroom apartment at \$1.28 per square foot in first half of 2024.

Many Fayetteville multifamily properties have many different floor plans with a wide variety of lease options, to suit the student population

Average Size and Price by Floor Plan	Square Feet	Price per Month	Price per Square Feet
Studio	531	\$891.49	\$1.68
By the Bed	421	\$844.97	\$2.01
1 Bedroom	616	\$855.44	\$1.39
2 Bedroom	919	\$1,010.51	\$1.10
3 Bedroom	1,266	\$1,355.15	\$1.07
4 Bedroom	1,801	\$2,302.85	\$1.28
Fayetteville	675	\$934.56	\$1.38

Rogers

The Benton County Assessor's database contained 175 multifamily properties in Rogers in the first half of 2024. These properties comprise 8,099,258 square feet.

The 128 Rogers Skyline Report survey respondents accounted for 103.1percent of the square footage of the multifamily properties in Rogers.

In the 9,026 units that were reported by Skyline Report survey respondents, the vacancy rate was 6.9 percent in the first half of 2024, up from the 6.6 percent vacancy rate in the second half of 2023.

The average lease price of all units in Rogers increased to \$1,175.82 in the first half of 2024 from \$1,074.32 in the second half of 2023. The average size of a unit increased to 917 square feet from 905 in the second half of 2023.

The monthly leases for Rogers multifamily properties averaged \$1.28 per square foot. The price per square foot averages range from a studio apartment unit at \$1.85 per square foot to a 3-bedroom apartment at \$1.10 per square foot in first half of 2024.

Many Rogers multifamily properties require either 6-month or 12-month leases, although some month-to month leases were available.

Average Size and Price by Floor Plan	Square Feet	Price per Month	Price per Square Feet
Studio	672	\$1,245.81	\$1.85
1 Bedroom	718	\$1,091.01	\$1.52
2 Bedroom	1,010	\$1,188.44	\$1.18
3 Bedroom	1,364	\$1,497.00	\$1.10
Rogers	917	\$1,175.82	\$1.28

Siloam Springs

The Benton County Assessor's database contained 60 multifamily properties in Siloam Springs in the first half of 2024. These properties comprise 970,207 square feet.

The 50 Siloam Springs Skyline Report survey respondents accounted for 101.8 percent of the square footage of the multifamily properties in Siloam Springs.

In the 1,501 units that were reported by Skyline Report survey respondents, the vacancy rate was 1.1 percent in the first half of 2024, down from the 0.9 percent vacancy rate in the second half of 2023.

The average lease price of all units in Siloam Springs increased to \$800.54 in the first half of 2024 from \$743.20 in the second half of 2023. The average size of a unit increased to 874 square feet from 863 in the second half of 2023.

The monthly leases for Siloam Springs multifamily properties averaged \$0.92 per square foot. The price per square foot averages range from a studio apartment unit at \$ 0.88 per square foot to a 4-bedroom apartment at \$ 0.75 per square foot in first half of 2024. A 2-bedroom apartment was \$0.86 per square feet.

Many Siloam Springs multifamily properties require 12-month leases, although some month-to-month leases were available.

Average Size and Price by Floor Plan	Square Feet	Price per Month	Price per Square Feet
Studio	436	\$385.85	\$0.88
1 Bedroom	616	\$626.92	\$1.02
2 Bedroom	920	\$795.58	\$0.86
3 Bedroom	1,260	\$1,199.00	\$0.95
4 Bedroom	1,210	\$911.00	\$0.75
Siloam Springs	874	\$800.54	\$0.92

Springdale

The Washington County Assessor's database contained 152 multifamily properties in Springdale in the first half of 2024. These properties comprise 6,726,801 square feet.

The 133 Springdale Skyline Report survey respondents accounted for 100.2 percent of the square footage of the multifamily properties in Springdale.

In the 9,306 units that were reported by Skyline Report survey respondents, the vacancy rate was 2.9 percent in the first half of 2024, up from the 2.0 percent vacancy rate in the second half of 2023.

The average lease price of all units in Springdale increased to \$998.17 in the first half of 2024 from \$893.73 in the second half of 2023. The average size of a unit increased to 856 square feet from 845 in the second half of 2023.

The monthly leases for Springdale multifamily properties averaged \$1.17 per square foot. The price per square foot averages ranges from a studio apartment unit at \$1.50 per square foot to a 4-bedroom apartment at \$ 0.94 per square foot in first half of 2024.

Many Springdale multifamily properties require either 6-month or 12-month leases, although some 3-month, 9-month, and month-to-month leases were available.

Average Size and Price by Floor Plan	Square Feet	Price per Month	Price per Square Feet
Studio	525	\$789.17	\$1.50
